40th Annual Meeting German Society for Immunology

**September 22-25, 2010
LEIPZIG**

**Abstract-Deadline
May 20, 2010**

Call for Abstracts

Welcome Note

Dear colleagues and friends,

Shortly after the reunification a joint conference of the "German Society for Immunology" took place in Leipzig. Once again, almost 20 years after the peaceful autumn revolutions began, the university and the city would like to take the chance to present themselves to you.

We are very happy to present to you a conference area of the university, which is located very near to the pedestrian area of the city centre. Let yourself be inspired by the flair and the lively atmosphere of the "Exhibition and Trade" city of Leipzig, 600 years after the opening of the university. Back then, scientists and students from the University of Prague came to Leipzig with the hope of finding a new home for research and learning.

Our field of immunology has entered a stage of development which has been influenced by scientific results from over the past years, concerning cellular molecules and cytokine effects in therapeutic application. Therefore, in due respect to this, it is necessary to set the main points for the areas of implementation. In this particular case, it has been done by the organizing committee and the executives of the boards.

Otherwise, Leipzig can boast many great research alliances such as the Translational Centre for Regenerative Medicine, the LIFE Leipzig Interdisciplinary Research Cluster of Genetic Factors, Clinical Phenotypes and Environment, as well as the Fraunhofer Institute for Cell Therapy and Immunology, and is therefore an excellent starting point to deal with the translation of scientific concepts into novel therapies and diagnostics.

Following the tradition, I am honoured to welcome you to the 40th Annual Meeting of the German Society for Immunology (DGfI) in Leipzig, which will be held from September 22-25, 2010 at the University of Leipzig.

Welcome to Leipzig!

Yours

Frank Emmrich

Abstract Topics

Abstracts

We cordially invite you to submit your abstract to the following workshop topics. Abstracts are to be submitted online on www.immunologie2010.de and in English only until **May 20, 2010**.

A Basic Immunology

- Stem Cells, Development and Regeneration
- Signalling in Immune Cells
- Regulatory T-Cells, Suppression and Tolerance
- Immunological Memory
- Effector Functions in the Immune System
- Mucosal and Feto-Maternal Immunity
- Hormones, Neurotransmitters and the Immune System

B Applied Immunology

- Environmental Immunology and Allergy
- Immunodeficiencies
- Immunology of Chronic Inflammation
- Tumors and the Immune System
- Autoimmunity
- Infection and Immunity
- Veterinary Immunology
- Progress in Immunological Technologies

C Interventional Immunology

- Modulating Innate Immunity
- Antibodies and other Ligands for Immunointervention
- Cell-Based Immunotherapies
- Vaccination Strategies
- Interventional Tolerance Induction

Poster prize awards will be awarded at the conference.*

*The prizes will be awarded to the presenting author on site.

Awards of the DGfI

The following prizes will be awarded:

- Fritz-und-Ursula-Melchers-Preis
- Hans-Hench-Preis für Klinische Immunologie
- Otto-Westphal-Promotionspreis of the DGfI

Please send your application to the office of the DGfI until **June 1, 2010**.

Dr. Ulrike Meltzer

Deutsche Gesellschaft für Immunologie

- Geschäftsstelle -

c/o DREFZ, Charitéplatz 1 • 10117 Berlin

General Information

Venue and Date

University of Leipzig
Campus Augustusplatz • 04109 Leipzig • Germany

September 22-25, 2010

Organizer

German Society for Immunology (DGfI)

Conference Chair

Prof. Dr. Frank Emmrich
University Hospital Leipzig
Institute of Clinical Immunology
Johannisallee 30 • 04103 Leipzig • Germany

Local Organizing Committee

Gottfried Alber	Axel Roers
Frank Emmrich	Ulrich Sack
Sunna Hauschild	Volker Schuster
Friedemann Horn	Barbara Seliger
Irina Lehmann	Jürgen Strehlau
Gerhard Metzner
